# Who has taken DRAMA? Not just actors...

“If I hadn't taken Drama, I wouldn't be where I am today.”

SEBASTIAN, CHEF-THEN PARAMEDIC-NOW MEDICAL SCHOOL

MARK, 2<sup>ND</sup> YEAR BUSINESS DEGREE

“I have to do seminars all the time. Drama has made presenting a cinch”.

“In my career, I deal with people everyday!”

JUSTIN, POLICE OFFICER CADET

# INSTRUMENTAL MUSIC CLASS

---

- Offered all the way through high school (grades 9-12)
  - AMU 1O1 – grade 9 instrumental
  - AMU 2O1 – grade 10 instrumental
  - AMU 3M1 – grade 11 instrumental
  - AMU 4M1 – grade 12 instrumental
- All courses are **OPEN** or **MIXED!** Anyone can take it!
- No previous music experience required!
- Brass, woodwind, string, and percussion instruments are available!

# VOCAL MUSIC CLASS

---

- Offered all the way through high school (grades 9-12)
  - AMV 1O1 – grade 9 vocal
  - AMV 2O1 – grade 10 vocal
  - AMV 3M1 – grade 11 vocal
  - AMV 4M1 – grade 12 vocal
- All courses are OPEN or MIXED! Anyone can take it!
- No previous music experience required!
- Singing independently, in small groups, and as a class!

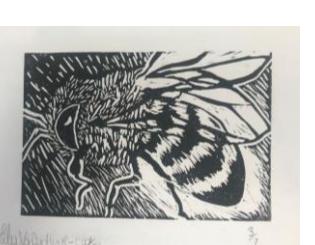

# GUITAR CLASS

---

- Offered in **grades 10 and up!**
  - You should take either **grade 9 instrumental or vocal** prior to taking this course...
- All guitar courses are **OPEN** or **MIXED!** Anyone can take it!
  - **AMG 201 – Basics of Guitar**
  - **AMG 3M1 – Intermediate Guitar**
  - **AMG 4M1 – Advanced Guitar**
- No previous experience on guitar is required!
- Playing independently, in small groups, and as a class!

- Why do some governments succeed while others fail?
- These questions and more will be answered by Mr. Bates in economics! (CIA 4U1)

# CIA4U1: Introduction to Economics

- This course examines the Canadian economy, and current economic challenges and opportunities facing us all
- Ever wonder where your tax dollars go? Join the class and find out!
- **Minimal mathematics knowledge required!**

# GRADE 12: ANALYZING PERSONAL ECONOMIC ISSUES

- **LEARN THE CONCEPTS OF ECONOMIC THINKING**

- Current Canadian and international economic issues
- Economic policies: globalization, trade, inequalities, regulation and public spending
- Economic theories

**Prerequisite:** Grade 11 U or U/C course in Canadian World Studies, English or Social Sciences and Humanities

**Course Code:** CIA4U1

# CO-OP

- Half day or full day placements
- Test drive a potential career
- Gain industry related experience & skills
- Accumulate apprentice hours\*\*
- Resume building certifications & experience
- Solidify your post secondary pathway

\*\* for Skilled Trades

# GRADE 11: COMPUTER CODING

## ICS 3U1

Throughout the semester, students will investigate possible careers in computers and computers in society. Students will learn to code in the language C# and to create windows forms apps.

## No prerequisite needed.

# GRADE 12: COMPUTER CODING ICS 4U1

Students will further develop their coding skills using python. They will also investigate areas of computer research and internet security.

**Prerequisite needed: Grade 11  
Computer Coding (ICS 3U1)**

# **GRADE 12: WORLD ISSUES -- A GEOGRAPHIC ANALYSIS**

- EXPLORE THE CHALLENGES OF CREATING A SUSTAINABLE AND MORE EQUITABLE WORLD**
- ISSUES SUCH AS ECONOMIC DISPARITIES, THREATS TO THE ENVIRONMENT, GLOBALIZATION, HUMAN RIGHTS, AND QUALITY OF LIFE, AND WILL ANALYSE GOVERNMENT POLICIES, INTERNATIONAL AGREEMENTS, AND INDIVIDUAL RESPONSIBILITIES RELATING TO THEM.**

**Prerequisite: Grade 11 U or U/C course in Canadian World Studies, English or Social Sciences and Humanities**

**Course Code: CGW4U1**

# GRADE 12: WORLD HISTORY SINCE THE 15<sup>TH</sup> CENTURY

- Explore the historical roots of social, economic and political developments and events since 1450.
- Use historical inquiry to analyze progress and decline of the world history

**Prerequisite:** Grade 11 U or U/C course in Canadian World Studies, English or Social Sciences and Humanities

**Course Code:** CHY4U1

# DO YOU KNOW YOUR RIGHTS?

- WHY SHOULD YOU CARE ABOUT THE LAW?
- THE CANADIAN JUSTICE DEPARTMENT ESTIMATES THAT 79% OF CANADIANS WILL END UP IN A COURTROOM AT SOME POINT IN THEIR LIFE
- IF YOU ARE A GR. 11 OR 12 STUDENT AND HAVE AN INTEREST IN CRIMINAL LAW, LAW ENFORCEMENT OR YOUR INDIVIDUAL RIGHTS AND FREEDOMS, THIS IS THE CLASS FOR YOU! (CLU 3M1)

# Grade 11: Understanding Canadian Law

- In this course, we examine...
- The **foundations** of Canadian law
- Our **rights and freedoms** as Canadians
- **Criminal justice** and the criminal code
- Civil law and **resolving personal disputes**

**Prerequisite: Grade 10 academic or applied Canadian History**

**Course Code: CLU3M1**

# French Courses at Holy Trinity

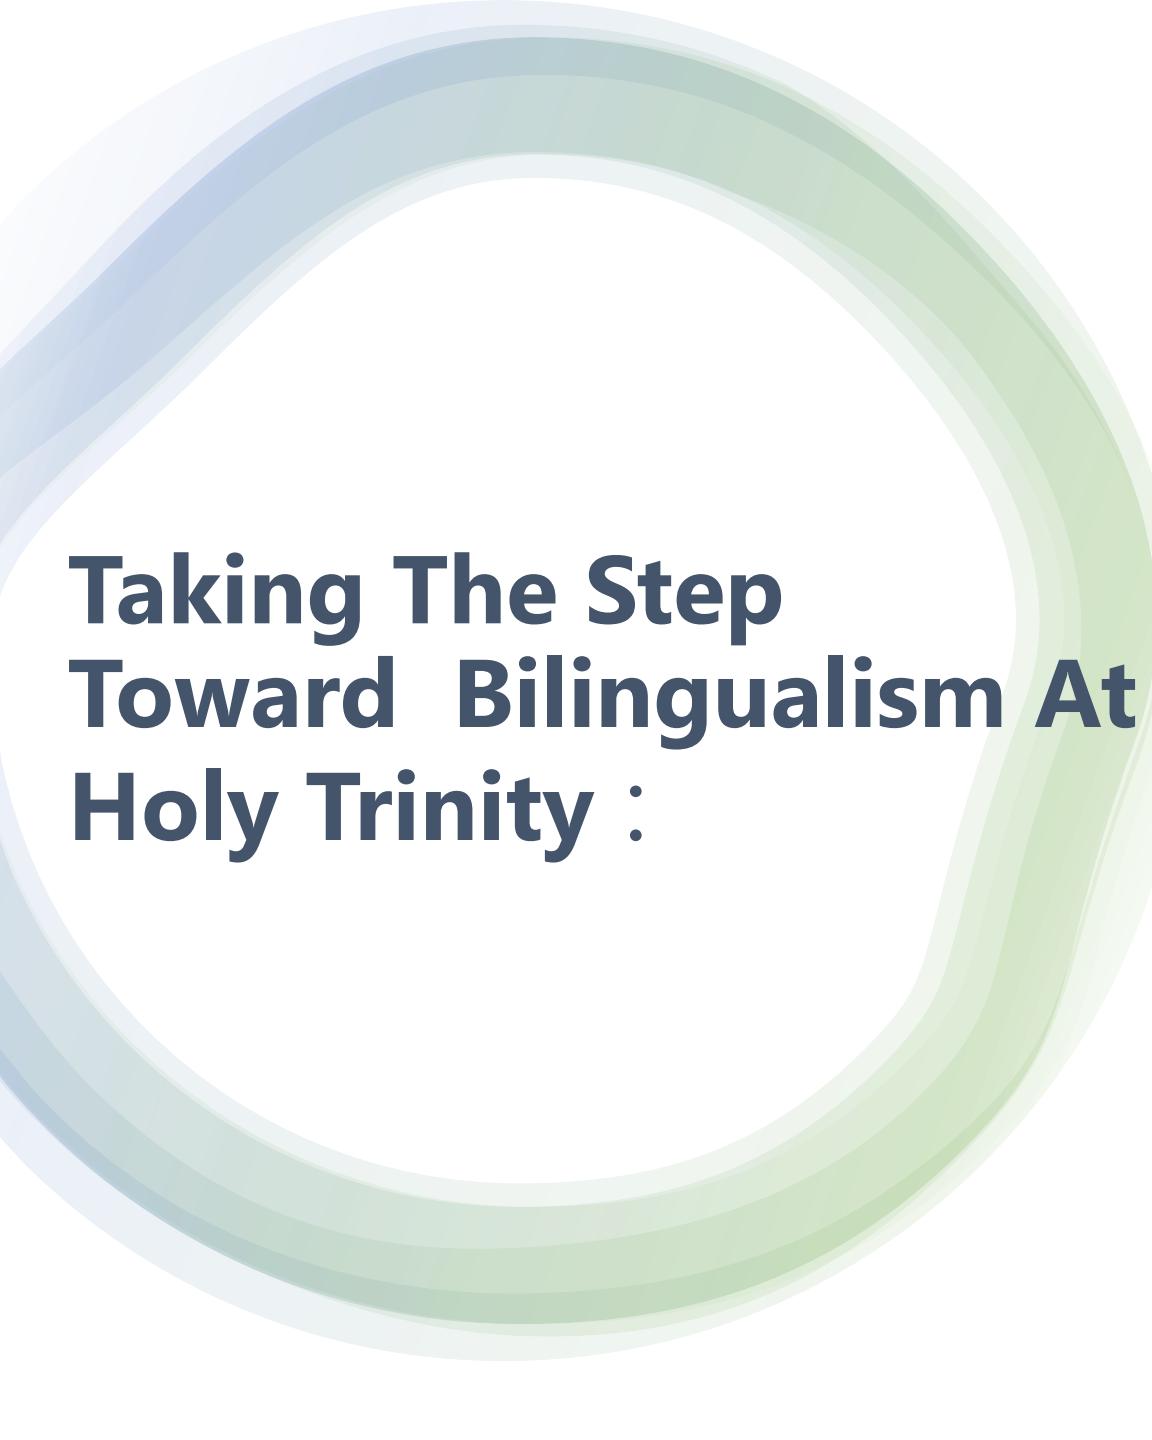

AT HOLY TRINITY, STUDENTS HAVE THE  
CHOICE OF THE CORE FRENCH PROGRAM  
AND THE EXTENDED FRENCH PROGRAM.

WE STRIVE TO BECOME LIFE-LONG LANGUAGE LEARNERS.

# French At Holy Trinity

- **Courses Offered :**
- Grade 9 French is offered at the Open, Destreamed (Core) and Extended level
- Grade 10 French is offered at the Applied, Academic and Extended Level
- Grade 11 French is offered at the Open, University and Extended Level
- Grade 12 French is offered at the Open, University and Extended Level
- Extended French has been a course level at Holy Trinity since 2014 . Inquire about this unique language learning opportunity where you can take French courses AND 3 required courses in French!

# Taking The Step Toward Bilingualism At Holy Trinity :

- All students who complete French courses in Core French from **grades 9 to 12** receive a French certificate upon graduation
- All students who complete the French courses in Extended French **grades 9 to 12 plus 3 courses** in French will receive an Extended French certificate upon graduation ( 7 courses total including Geography, History and Religion )

*\* Students who follow the grade 12 French course can also complete an additional DELF French proficiency test (B1/B2) which is a **lifelong certification** they can carry with them into their future that has many benefits. \**

# Club Français at Holy Trinity

- ▶ The French Club is an extra-curricular activity at Holy Trinity that provides students with opportunities to speak French, appreciate French Culture and cook and eat French Cuisine. The club meets monthly with Food Activities, French Films and Music. It is a great way to earn points toward the School Letter and make new friends.

# LEADERSHIP

- Explore theories and research used in Anthropology, Psychology, and Sociology as they relate to individuals and relationships

Offered 2027-28

# CHALLENGE AND CHANGE IN SOCIETY

## HSB4U

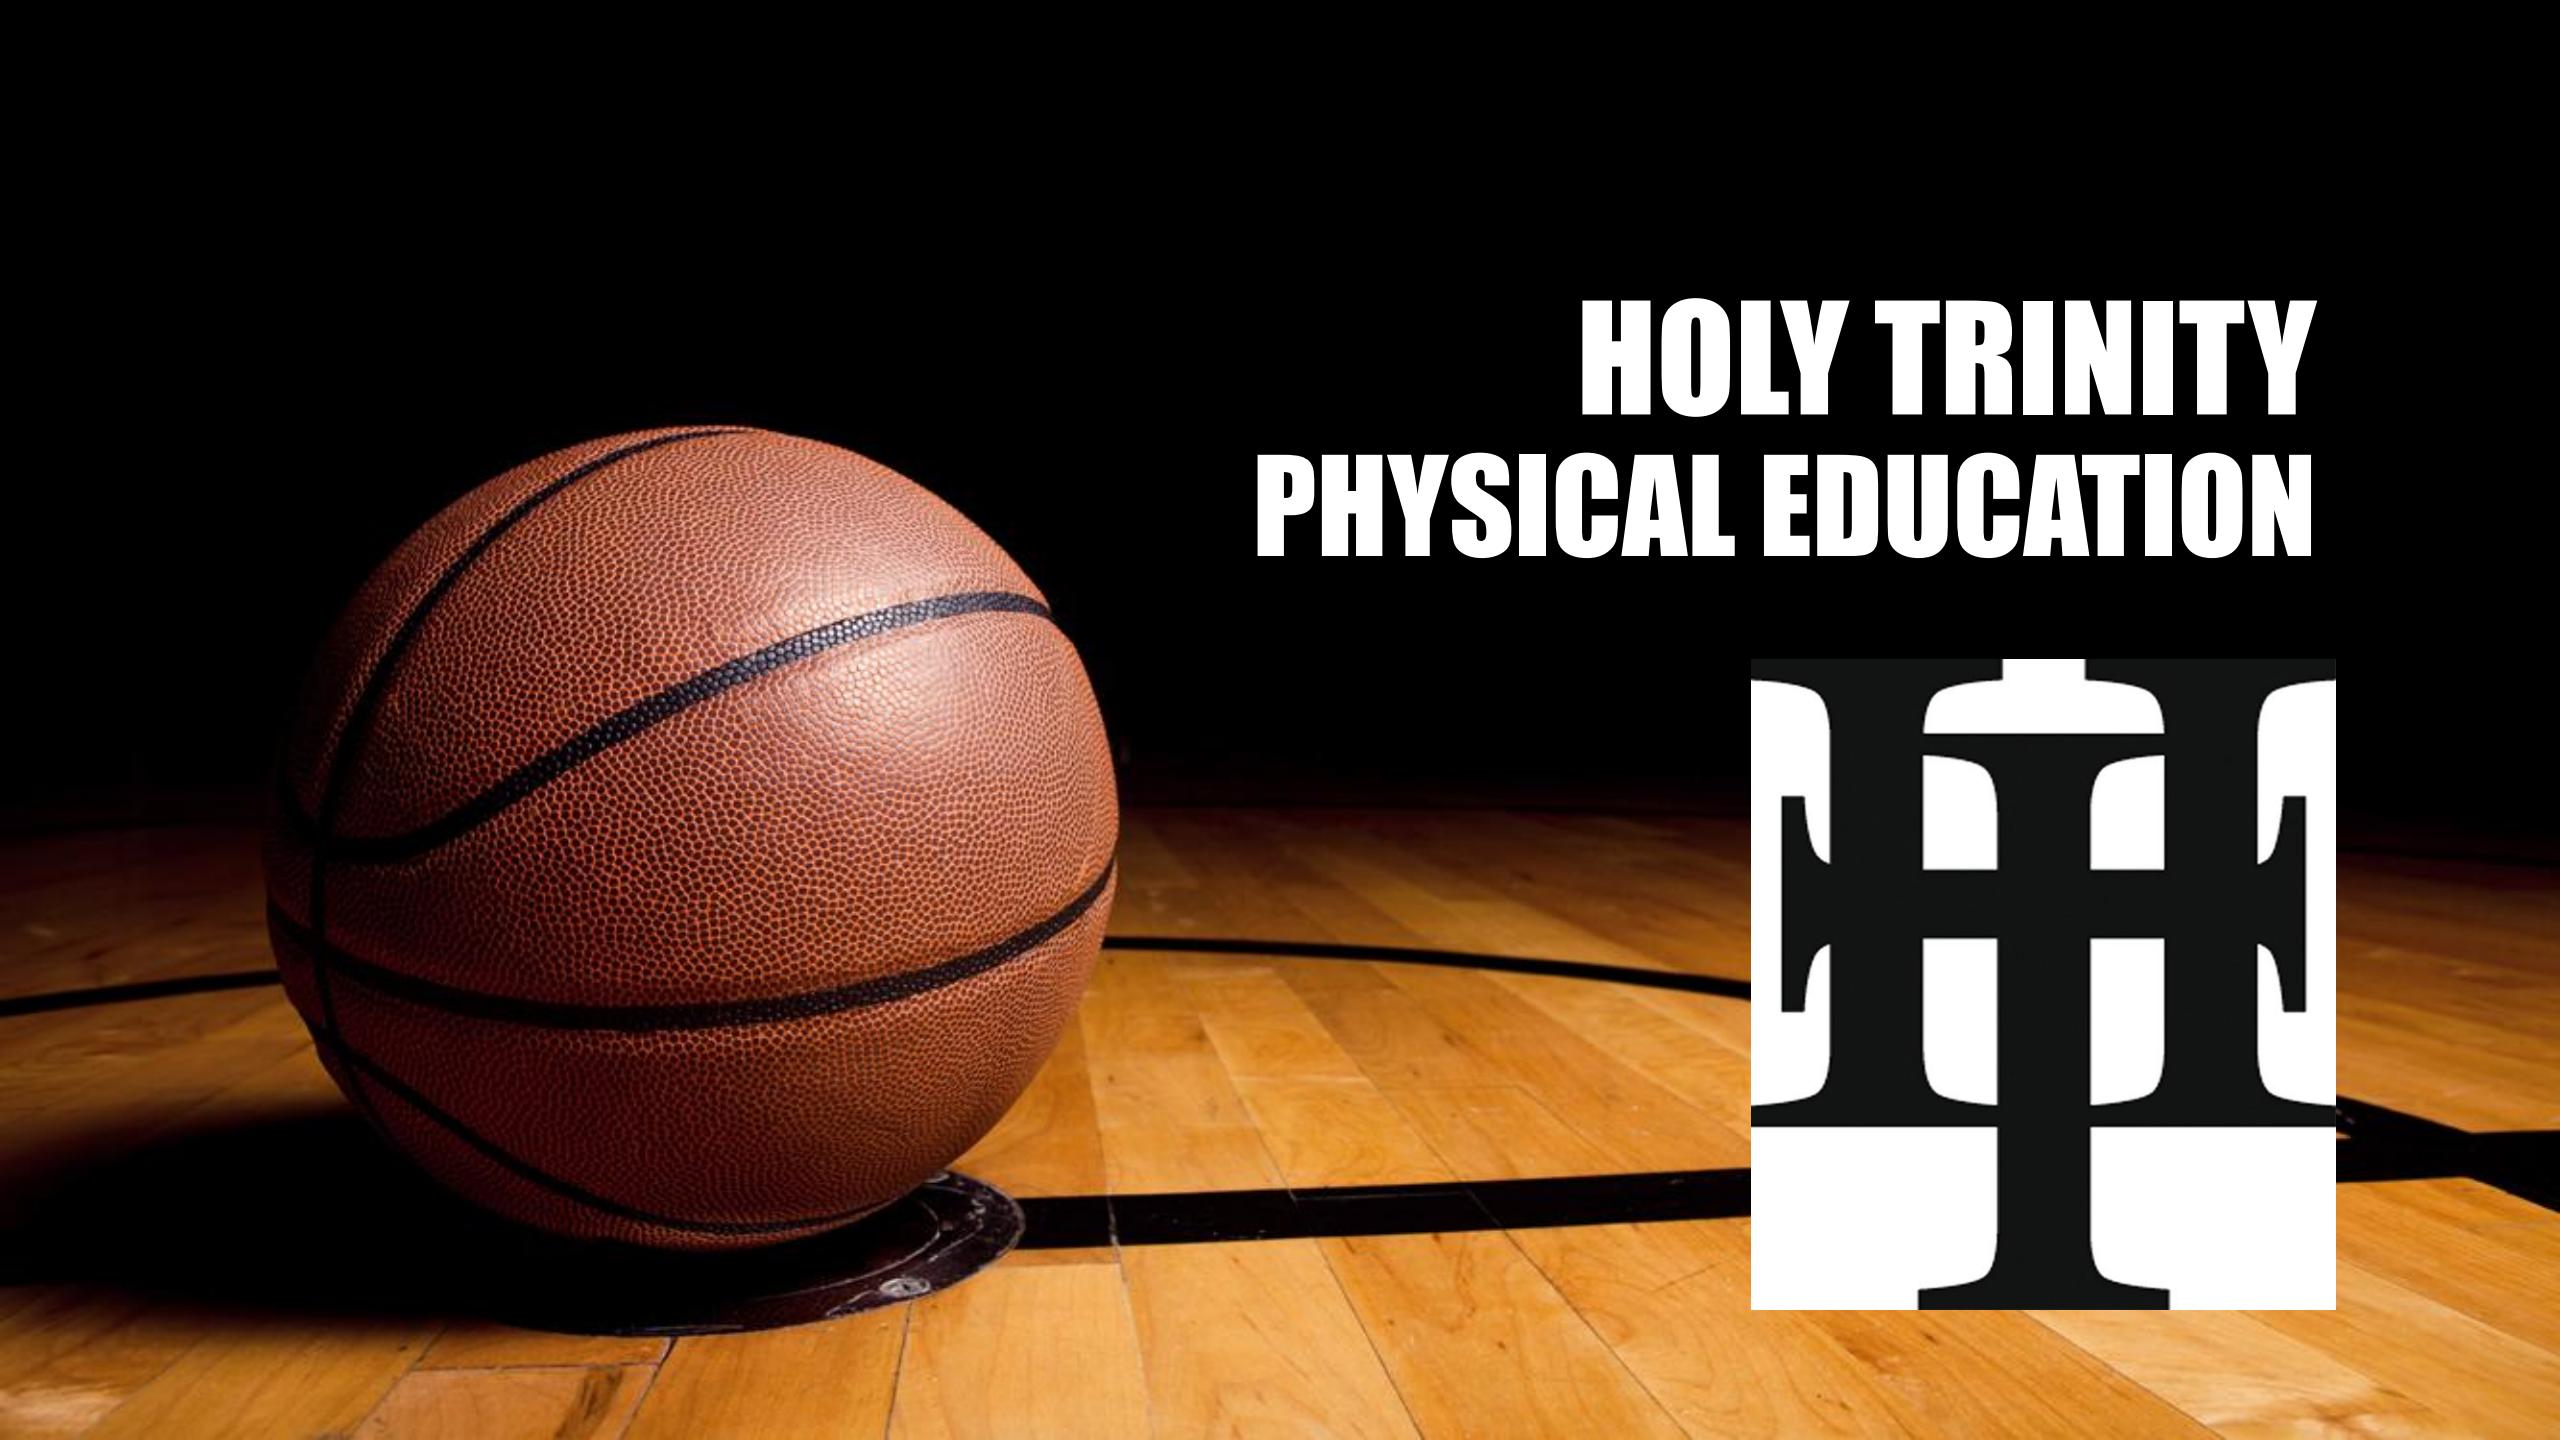

- Examine how Cultural, Social, and Behavioural patterns change over time
- Study the causes and effects of Deviance, Technological Change, Conflict, and Global Inequality
- Explore various theories used in Anthropology, Psychology, and Sociology

Offered 2026/2027

**Prerequisite:** any University or University/College course in Social Science and the Humanities, English, or Canadian and World Studies

**HOLY TRINITY  
PHYSICAL EDUCATION**

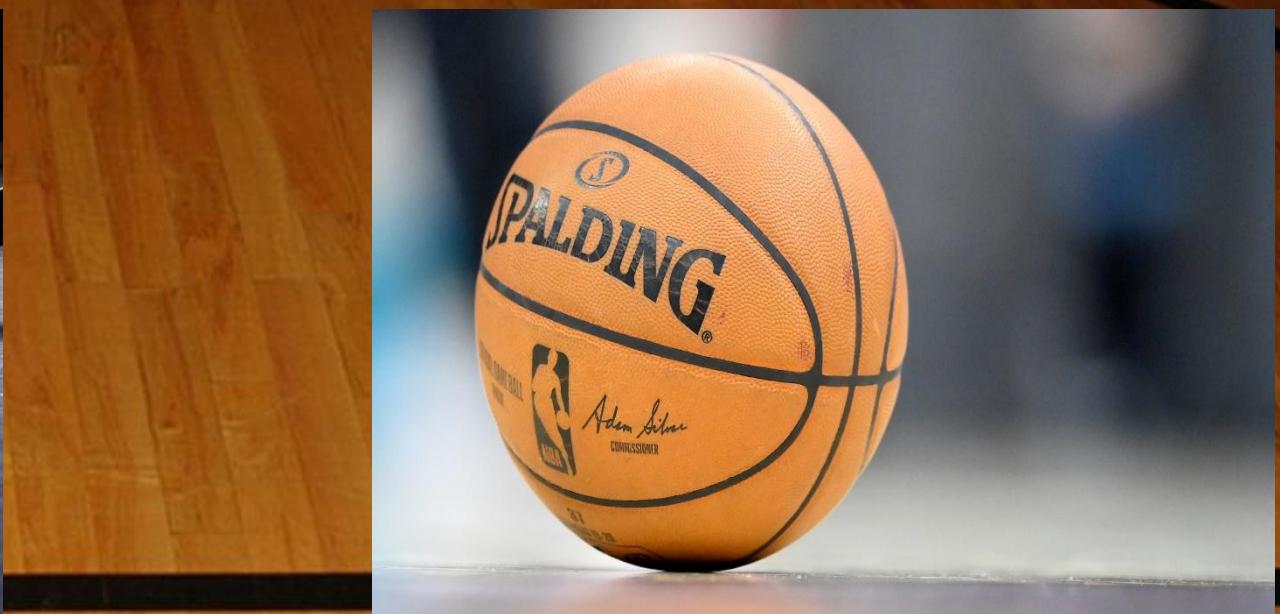

## WHAT ARE THE BENEFITS OF TAKING PHYS-ED

- Provides opportunities to develop a lifelong commitment to a healthy lifestyle.
- Participate on a daily basis and strive for self-improvement.
- Provides the opportunity to make new friends in a new environment.
- The best way to succeed is to have fun!!!

# GRADE 9 COURSES

- ▶ Grade 9 Female Physical Education
- ▶ Grade 9 Co-ed Physical Education
- ▶ Grade 9 Hockey Course

# **Hockey Skills Academy Grade 9 / 11**

- 3 days a week - on ice skill development!**
- Shooting Mechanics, Edge work, Stickhandling, Small area games**
- Weightroom**
- Strength Training**
- In class nutrition, video analysis, game play.**
- Application form required. Transportation to and from Arena.**

# FUTURE COURSES

- ▶ **Grade 10, 11, and 12 Open Physical Education**
- ▶ **Grade 10 , 11 and 12 Personal Fitness**
- ▶ **Grade 11 and 12 Basketball Course**
- ▶ **Grade 10 and 11 Volleyball Course**
- ▶ **Grade 9 and 11 Hockey Course**
- ▶ **Grade 12 Kinesiology**

# In our Open Phys-Ed classes you will participate in a wide range of activities:

Basketball

Volleyball

Badminton

Skiing

Lacrosse

Rugby

European Handball

Rocks and Ropes

Floor Hockey

Ultimate Frisbee

Softball

Fitness

Soccer

Mountain Biking

Cross-Country Skiing

Football

Track and Field

Disc Golf

Bowling

Archery

Pickle Ball

Tchouk Ball

Snowshoeing

Orienteering

# **Here is what some of our current students have to say:**

- ▶ **“Phys. Ed gives me the chance to stay fit and be active.”**
- ▶ **“I am out of the classroom, and it helps relieve the stresses related to my schoolwork.”**
- ▶ **“The games we play are so much fun!”**
- ▶ **“You learn new sports and games that you are not familiar with at all.”**
- ▶ **“The teachers are just so much fun”**
- ▶ **“We love all of the equipment and the gym here at HT. It is the best!!!”**

# Holy Trinity Physical Education and Athletics

<http://www.trinitycatholic.ca/page/futurestudents-clubs/our-athletics>

# SVN 3M1(online), SVN3E (in-person) -Environmental Science

Learn about the impact humans are making on the environment and what can be done to create sustainable ecosystems.

## **Units of Study:**

- 1) Environmental Challenges and Solutions
- 2) Energy Use and Conservation
- 3) Sustainable Agriculture and Forestry
- 4) Managing and Reducing Waste
- 5) Human Health and the Environment

(Pre-Requisite: Grade 10 Science Credit)

# SNC 4M1- Health Science

## Grade 12 Elective

What do you learn?

There are 5 units which include many hands-on activities and labs

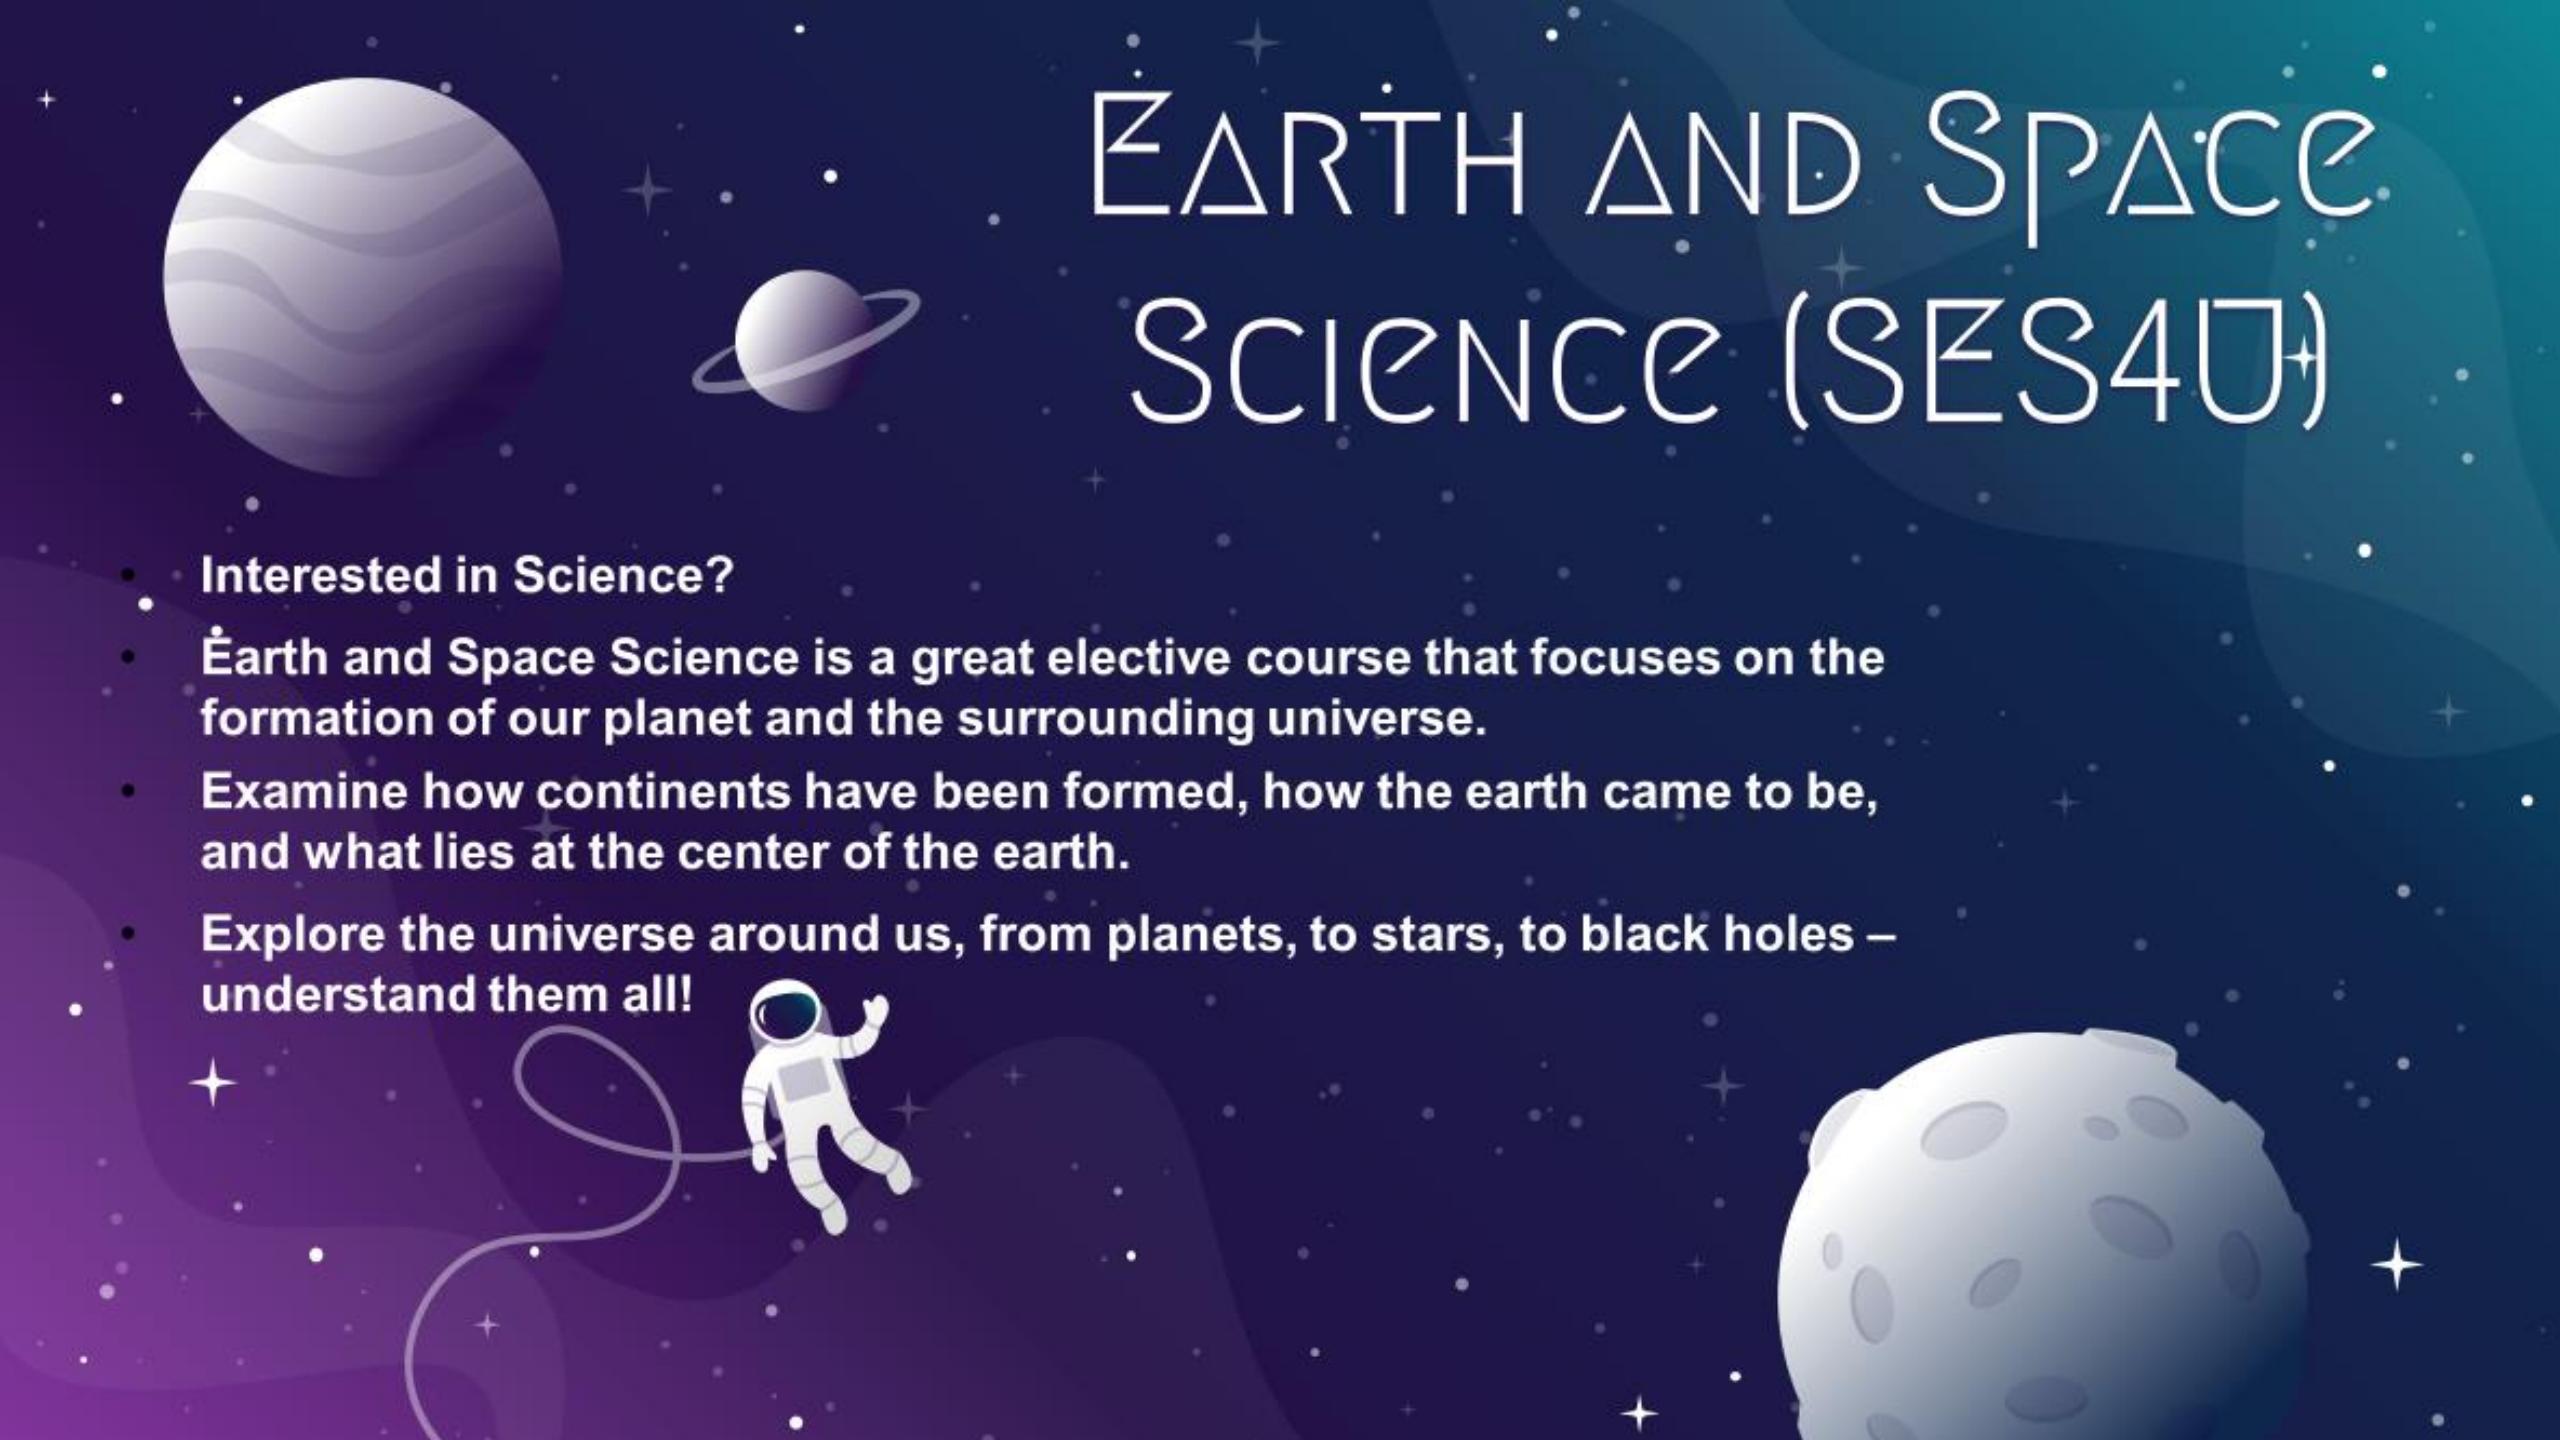

1) Pathogens and Disease- viruses and bacteria and how they spread

2) Public Health- informing the public about health issues

3) Nutritional Science- digestion and proper nutrition

4) Medical Terminology- Learn "Grey's Anatomy lingo"

5) Biotechnology- learn about cool new trends in biotech research

# EARTH AND SPACE SCIENCE (SES4U)

- Interested in Science?
- Earth and Space Science is a great elective course that focuses on the formation of our planet and the surrounding universe.
- Examine how continents have been formed, how the earth came to be, and what lies at the center of the earth.
- Explore the universe around us, from planets, to stars, to black holes – understand them all!

# Technological Education

---

COURSE OPTIONS &  
DESCRIPTIONS 2026/2027

# TAS 10A - Technology and the Skilled Trades

---

- This hands-on course will allow students to explore tools, equipment, techniques, and develop technological knowledge and skills *within 3 or 4 of the following sector rotations: Communications, Construction, Green Industries, Hospitality & Tourism, Technological Design, and/or Transportation.*
- Design, build, and safely create prototypes, products, and/or services, working with tools and technologies.
- Be presented with projects to address real-life problems, as well as apply technological concepts.
- Students will begin to explore job opportunities, education, and training pathways.

# TCJ 201

## Construction

---

- Learn how safely operate all, hand tools, power tools, machinery in the shop.
- Machine operations, measurement, types of joinery, hands on projects.
- Carpentry and house framing principles & terminology
- Explore construction trades and careers

# TCJ 3CI

## Construction

---

- ❑ Safety, hand tools, power tools, machinery in industry, machine operations, measurement, types of joinery, in a home, hands on projects.
- ❑ Carpentry and house framing principles & terminology
- ❑ Orthographic views
- ❑ construction trades and careers
- ❑ Blueprint reading, interpretation discussion about building codes, regulations, careers and apprenticeships

## Construction

---

- Safety, hand tools, power tools, machinery in industry, machine operations, measurement, types of joinery, in a home, hands on projects.
- Carpentry and house framing principles & terminology
  - Orthographic views and careers
  - Blueprint reading, interpretation discussion about building codes, regulations, careers and apprenticeships
  - Environmental and social issues

# TMW3E1/TCJ3C1 – Dual Credit Construction/Welding

---

Students will work in the Construction class 4 periods a week and then one  $\frac{1}{2}$  day a week they will go to Fanshawe to complete a welding credit.

1 Construction credit and 1 College Weld 1 credit

Introduction to mig, stick and tig

Hands on learning both here and at Fanshawe College  
Simcoe

---

- ❑ Safety, hand tools, power tools, machinery in industry, machine operations, measurement, types of joinery, types of wood, lumber processing, technical drawing, order of operations
- ❑ Problem-solving, hands-on projects, careers

# TDJ 201

# Technological Design

---

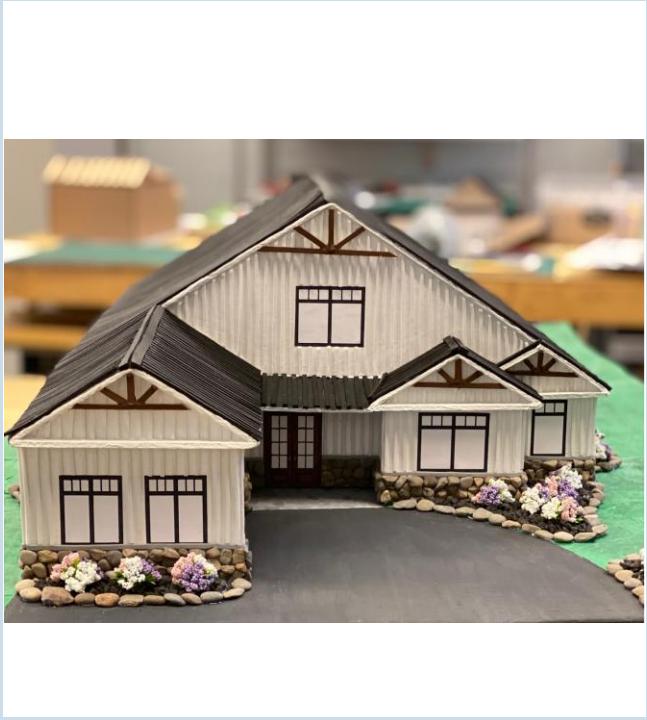

**Learn how to design – what is design?**

Learn how design ideas are represented through hand drawing, perspective drawing, orthographic projection and/or AutoCAD.

Build models and prototypes

Explore design related careers

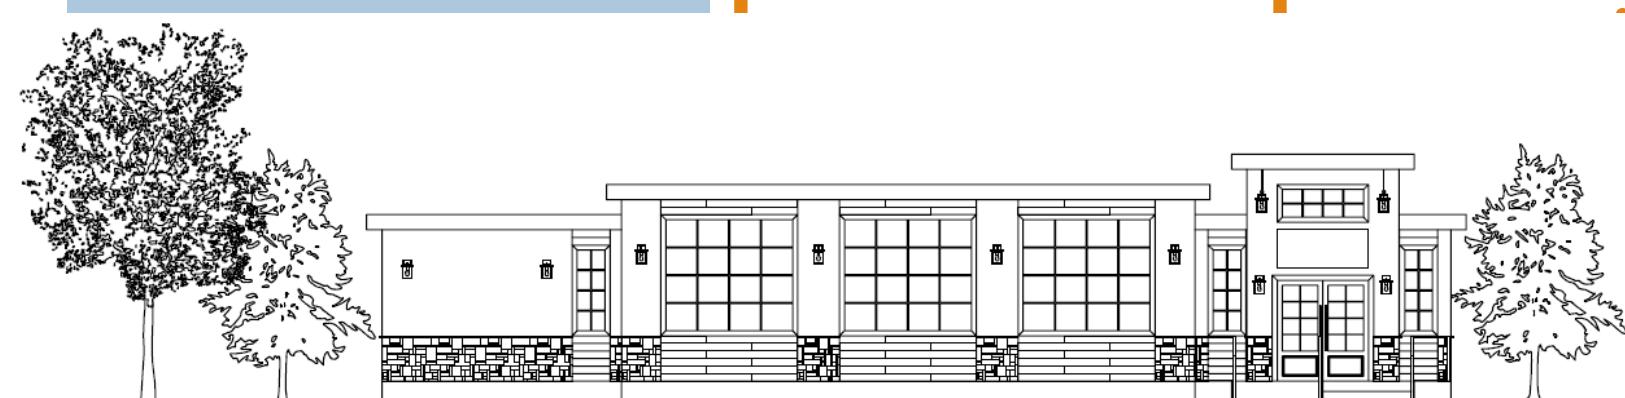

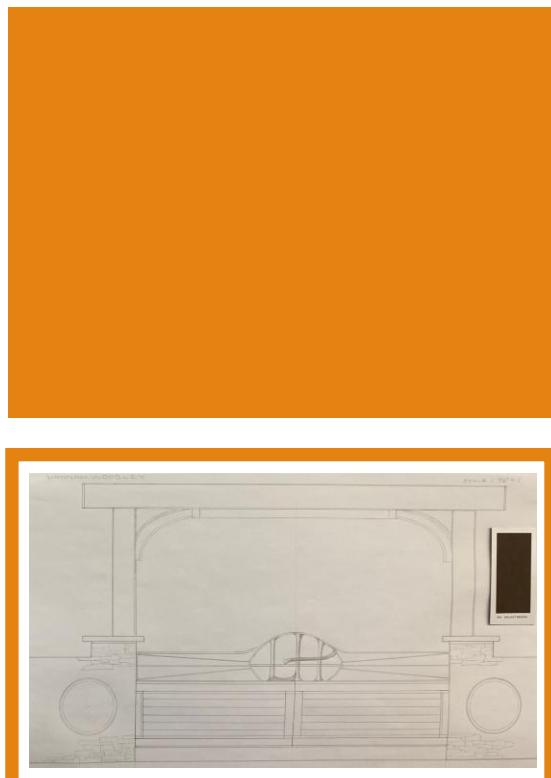

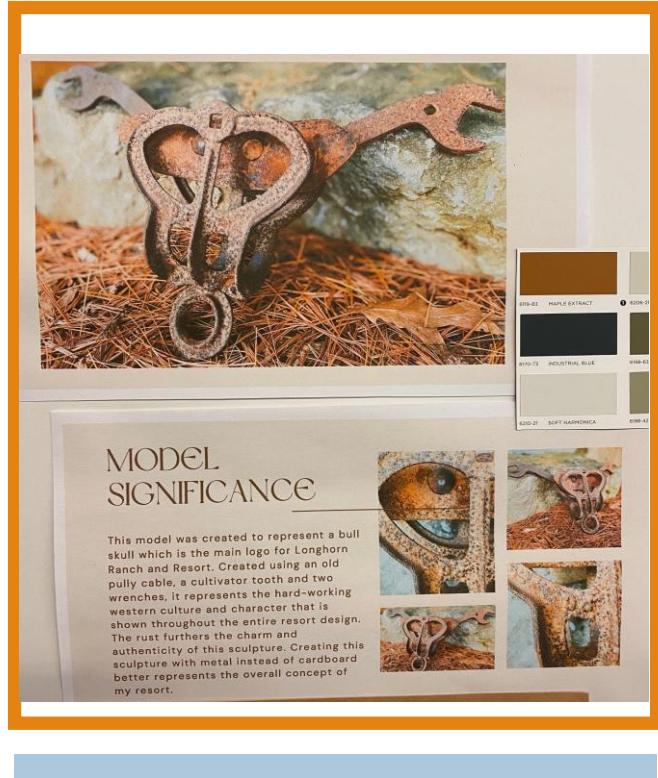

- Learn the design process - taking design problems and solving them.
- Learn how society, the environment and the economy effect design
- Freehand sketching, orthographic drawing, manual drafting

# TDJ 4MI

## Technological Design

- This course focuses on Residential Design. Spend the semester designing a cottage!
- Completion of cottage design architectural drawing package using AutoCAD
- Build a 3D model of your cottage
- Career Exploration & Portfolio development

# TDA4MI

## Technological Design

- Commercial Design : Spend the semester designing a hotel!
  - Completion of hotel design architectural drawing package using AutoCAD
  - Build a 3D modeling model and concept presentation on your hotel
- Career Exploration and Portfolio development

# TDV 3MI

## Interior Design

- The study of residential interior design
- Hand drafting, AutoCAD and perspective drawing
- Development of design concepts for the design of interior spaces.
- Colour theory

# TEJ 3M1

# Computer Engineering Technology

---

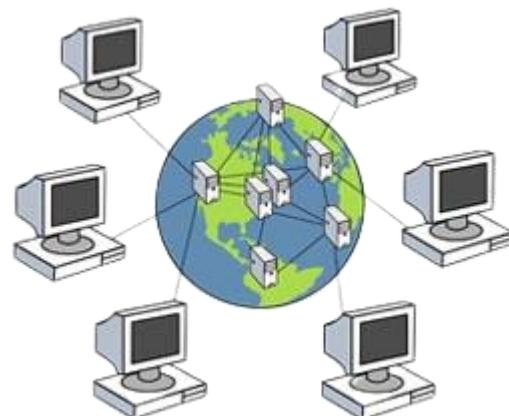

This course examines computer systems and control of external devices. Students will assemble computers and small networks by installing and configuring appropriate hardware and software.

Students will develop knowledge and skills in electronics, robotics, programming, and networking. Students will also learn about college and university programs leading to careers in computer technology and will have the opportunity to earn the industry recognized Cisco CCNA Intro to Networks certification.

TEJ 4M1

# Computer Engineering Technology

This course extends students' understanding of computer systems and computer interfacing with external devices. Students will assemble computer systems by installing and configuring appropriate hardware and software, and will learn more about fundamental concepts of electronics, robotics, programming, and networks. Students will explore postsecondary pathways leading to careers in computer technology and will have an opportunity to earn the Cisco Linux Essentials Certification.

# TGJ 201

# Communications Technology

---

Students will work in the areas of TV/video and movie production, radio and audio production, print and graphic communications, photography, and interactive new media and animation. Student projects may include computer-based activities such as creating videos, editing photos, working with audio, and developing animations.

## Communications Technology

---

Students will develop knowledge and skills as they design and produce media projects in the areas of live, recorded, and graphic communications. These areas may include TV, video, and movie production; radio and audio production; print and graphic design; photography; broadcast journalism; and interactive new media. Students will also explore college and university programs and career opportunities in the various communications technology fields.

# TFJ 201/TFJ 3E1/TFB 3E1

## Hospitality and Tourism

During these courses students will learn and expand upon:

- Safe food handling practices (Sanitation, temperature checking meat, etc.)
  - Baking Basics
  - Hands on practical labs
- Building kitchen skills such as safe knife handling
- Learning about events and event planning through the 8 Sectors of Hospitality and Tourism
  - Building teamwork and communication skills
- How to read a recipe and complete basic recipe conversions
  - Time management skills
- TFB 3E1 is a hospitality course that specializes in baking

---

Explore agriculture, forestry, floristry, horticulture and landscaping through computer and research-based assignments and hands on learning.

TPJ 3C1/TPJ3M1

Health Care

## TPJ 3C1/TPJ3M1 - Health Care Course Highlights

- 1) Experiential Learning Trips (Campus Tours)
- 2) Hands on Learning (Clinical experience with vital signs)
- 3) Norview Lodge Optional Training
- 4) Training for Specialist High Skills Major Program
- 5) Vast knowledge of human body functions

### Health care course units

**Unit 1:** **Health Care Basics**- students learn the history of health care in Canada and general responsibilities of health care workers

**Unit 2:** **Anatomy**- students learn detailed lessons about all body system (structure and function)

**Unit 3:** **Health and Wellness**- students learn about holism and determinants of health within individuals

**Unit 4:** **Health Care Skills** – students learn vital signs; bed making; patient positions; proper hand washing; donning and doffing of personal protective equipment (PPE) and infection control procedures.

**Unit 5:** **Gerontology, Safety and Nutrition**- students learn about what happens to our body's as we age. They also learn about general safety practices. Nutrition science focuses on the new food guide, nutrients as well as calculating BMI, BMR and TDEE for their own nutrition assessment.

TMW 4E1/TTJ3C1

Dual Credit Transportation/Welding

---

Students will work in the Auto Shop 4 periods a week and then one  $\frac{1}{2}$  day a week they will go to Fanshawe to complete a welding credit.

1 Transportation credit and 1 College Weld 1 credit

Introduction to mig, stick and tig

Hands on learning both here and at Fanshawe College  
Simcoe

TTJ 201

# Transportation Technology

---

Learn the major systems of the automobile. Work on various cars and trucks.  
Know how to change engine oil, perform a brake service, and change tires.  
You can help build the derby car for next fall!

TTJ 3C1

# Transportation Technology

---

Learn the major systems of the automobile. Work on various cars and trucks.  
Know how to change engine oil, perform a brake service, and change tires.  
You can help build the derby car for next fall!
